# ALP-Lifts by Böcker

## More modern than ever!

For more than 30 years, Böcker has been known as the producer of personnel and material lifts with the brand name ALP-lift. Today, the proven concept of extremely compact, light machines with payloads and lifting heights above average is more modern than ever. Use the ALP-lifts for the carriage of passengers for your assembly work and benefit from the advantages of the lifts.

### Efficiency

- ✓ Lightweight aluminium design ensures minimum dead weight and high payloads
- ✓ Compact dimensions with flexible working heights

### Speed

- ✓ Safely and quickly ready for use thanks to short setting-up time
- ✓ Easy transport thanks to compact dimensions

### Comfort

- ✓ Easy to manoeuvre, therefore can be used everywhere
- ✓ Extendable to the desired height thanks to the precise control with the footswitch

### Versatility

- ✓ Almost unlimited possibilities of indoor and outdoor use
- ✓ Wide range of accessories for even more variability

### Quality

- ✓ Made in Germany
- ✓ Use of metric materials only

Small and compact, can be used in any place

PHC-Lift – perfect for the use in sports halls

## Perfect for assembly, repair and maintenance

The ALP-personnel-lifts are practically irreplaceable for assembly or repair works, especially in closed rooms with a high ceiling. Whether for assembly, repair, maintenance or cleaning, with the ALP-lifts by Böcker you can reach the optimum working height at any time. On site, the machines are immediately ready for use and offer maximum efficiency and a high working speed thanks to the user-friendly operation.

### Wide product range

- ✓ Powerful PH lift
- ✓ Compact PHC lifts
- ✓ Practical PHC-HI lifts with integrated lift truck

### Enormous performance

- ✓ Maximum working height up to 14 m
- ✓ Payloads up to 140 kg ensure the transport of tools

### Simple operation

- ✓ Precise control with footswitch
- ✓ 230 volt drive

### Comfortable transport

- ✓ Integrated loading unit facilitates loading into the van or onto the trailer
- ✓ Fits through small halls, standard doors or lifts

UNI-Lift PHC 1000 EU – the solution for cinemas, theaters, lecture halls etc.

Industrial lifts without outriggers for the use in narrow halls

# Standard Equipment

All ALP-personnel-lifts by Böcker come with extensive standard equipment which guarantees a safe and user-friendly operation.

**1** Available with hand or foot control

**2** Outrigger control unit with warning light

**3** Extra control unit below

**4** Spirit level for correct and safe positioning

# Accessories

The wide range of accessories for all ALP-personnel-lifts by Böcker fulfills nearly any wish. We also manufacture special models.

**5** Loading unit with height adjustable wheels

Power supply in work basket

**6** 1,5 kw power unit

Tool box

Rotating (axis) wheels for 360° positioning

**7** Outrigger brackets facilitate the transport

Special wheels available for operation in different locations

Crane lifting points for safe transport

**8** Forklift pocket for a problem-free transport

Ballast weights for use with shorter outriggers

Counter weights for outriggers

**9** Wheels with stabilizing brakes

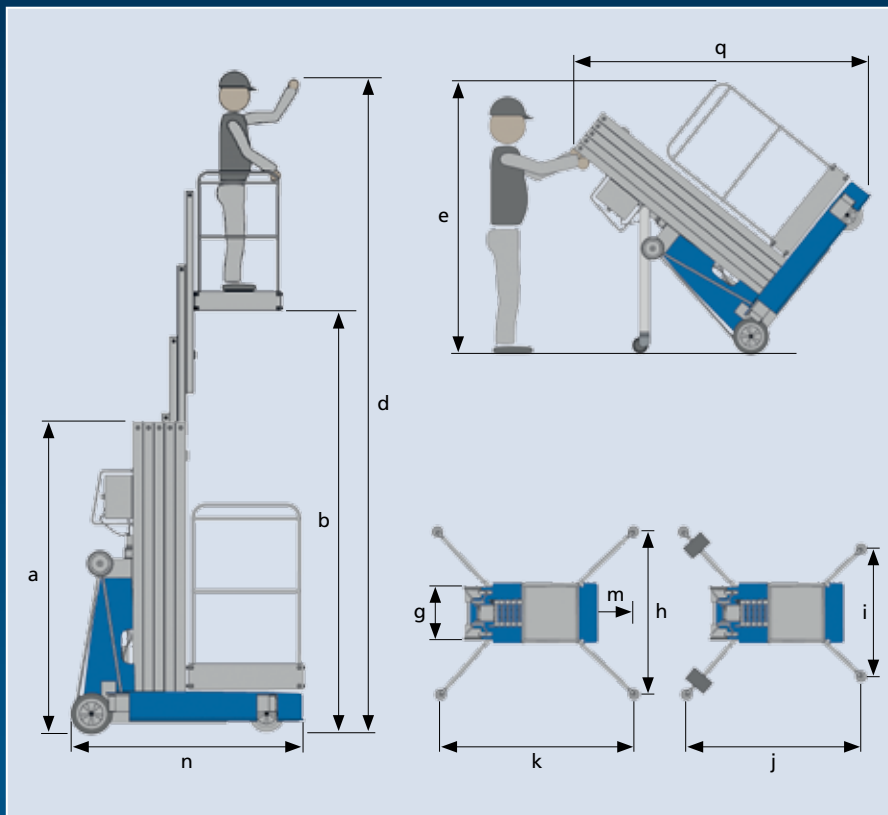

Electrically extendable work basket

Protective cover
